WHERE FLOWERS BLOOM, SO DOES HOPE!

We create one-of-a-kind floral arrangements inspired by the seasons and beautiful ingredients. Here on the farm we grow a variety of native and non-native flowers. We aim to use as much of our flowers in our designs, but also have access to product from other sources. We specialize in cultivating flowers that last in the vase and have the quality you crave.

Our a' la carte wedding package is perfect for couples who love our fresh-from-the-garden style but don't require large arrangements or extensive on-site setup. This option is ideal for clients who only need personal flowers, centerpieces, and a few focal arrangements. Simply choose the size and quantity of your personal flowers and centerpieces, and describe your color palette. Leave the rest to us.

Our a' la carte option is not well-suited for couples who want very specific flower types, require an in-person consultation, or have more complex event design needs.

We understand how stressful planning your wedding can be. You have so many choices, a lot of input from others, and it can be difficult to truly evaluate the cost of things. We want this experience to be fun, not overwhelming.

We have tried to streamline the process of choosing your wedding flowers by offering a limited selection of garden-style arrangements, from flowers grown on the farm. We can also purchase a select variety of flowers from other sources, should we not have them available and/or do not grow them ourselves. Our pricing is transparent in order to help you plan and stay within your budget.

Orders are available for pickup during pre-arranged times at the farm in Pickerington. Delivery is available for an additional fee. Please note that a'la cart weddings require a \$500 minimum order.

On the following pages you will find everything you need to get started. If you don't see what you are looking for, please don't hesitate to reach out and we can create a custom order that will fit your needs. We look forward to partnering with you as you plan your special day.

If you are planning a large event, we want to make your vision a reality. We will arrange a private consultation with our designer, Carol Smith, who has over 40 years of floral industry experience. Bring your vision boards, dreams, and ideas. We will work within your budget to create the wedding design you are envisioning.

We are happy to offer day of event installation and delivery within the greater Columbus area. Pricing for delivery and installation will be based on the total budget and time for labor installation.

We will utilize a variety of flowers grown on the farm, in addition to flowers sources from other vendors. You are not limited to the flower varieties that are currently in season on the farm. With a year's notice,, we are happy to grow your floral choices for your event, if possible.
